

MWTF is managed by [a board](#), which comprises representatives from the private sector as well as from each of UK Trade & Investment's regional teams in the West Midlands. On the private sector side we endeavour to have two representatives from each of the sub regions and currently we have some slots to fill.

The board gets together for a breakfast meeting every second month, usually from 7.30 – 9.00. We also have three sub-groups, with different members in each, which look after aspects of running the forum such as event planning and marketing. These groups generally meet in alternate months as well.

Can you spare some time from your work schedule? Would you be interested in getting more closely involved with running the region's largest and most influential group of international traders? If so and you would like to discuss things further then we would like to hear from you.

Please contact Glenis on 0121 607 1759 or simply e-mail me.
